

Youth Participant Checklist

This is an important checklist for youth participants who are attending this year's Detroit HDF. Please read carefully and make sure to prepare/provide all necessary materials when checking in for the event.

- Make sure to give your Emergency Medical Form to the lead chaperone of your group.**
 - All youth participants must give this form to their lead chaperone in order to participate. This form can be found at www.detroit.goarch.org/detroithdf.
 - Youth whose parents/legal guardians will be at the event do not need to provide this document.
 - For individuals ages 19 and over, make sure they have come with health cards in case of an emergency.
 - Make sure to bring your necessary medications. Have them in their original containers in a plastic bag with your name so they are easy to find in case of an emergency.

- All participants (youth and chaperones) must be registered prior to the event.**

Workshop groups will be preassigned by age and cannot be changed.

- Review the Festival Guidelines for behavior with your parents and your church chaperone(s).** All participants (youth and adult) are expected to behave in a manner that is befitting an Orthodox Christian. Kindly show respect to all instructors, leaders, and other participants. Bullying and abuse of any kind (youth or adult) is not tolerated at any time. Follow the guidelines and have fun!

- Make sure to pack all of your necessities.** Clothes (casual, dressy, and Church clothes), shoes, socks, Greek costume (see Participant Info Packet), toiletries, medications (especially emergency items like inhalers and epi-pens). Prohibited items include, but are not limited to: cigarettes, drugs, alcohol, vaping items, weapons, and other items listed in the guidelines.

Please direct any questions or concerns to detroithdf@gmail.com.
